

Dear Members,

Hopefully, everyone's summer is going well. I wanted to take a minute and update everyone on the progress we have made on the North End. At the time of this writing, nearly all the construction has been complete. Both Basins are dug and the new Riffle Dams are installed. Since the project came in under budget, we will be adding some additional Dams to assist in further silt retention.

At the entrance, it has been leveled off and will be the home of our new Soccer Field. Once the grass grows, we will install the goals.

The Covenant voting is progressing. At the beginning of August, we were approaching half way to our goal of 1750 votes. If you haven't voted we ask again for you to vote. If you have misplaced your voting packet, please contact the office so we can issue you a new one. Again, if you have any questions at all, feel free to call any Board Member. We are happy to answer your questions or concerns.

Best Regards,  
Scott Webber  
President
