

Dear Members,

In recent months, we've noticed increase member participation and we truly appreciate it. It's our members that make Holiday Shores a great place to live.

If you weren't able to attend the Annual Meeting, here are some of the highlights:

Covenants

We opened the voting for the Covenant changes. You should be receiving your official packet shortly. Please review, ask questions, and vote.

Public Service Awards

The purpose of the award is to recognize members who do for others without asking for anything in return, much like Lt Cory McConnell. In honor of the late Cory McConnell, the Board established the Public Service Awards to highlight members who, in the words of Cory, "Make a Difference". Going forward, we ask for members to recommend people to the Board.

- The Board and the HSFD are proud to present the award this year to Crystal Goodwin. Crystal led a group of volunteers to re-build the ball diamond. Because of her efforts, the ball diamond has new dirt, grass and coming soon, new fencing and new lights.
- In honor of the late Charlie Votruba the Main Beach is now Votruba Beach – It's nearly impossible to put into words the impact Charlie has had on Holiday Shores. While he is sorely missed, his efforts to help his community will not be forgotten.

Lake Security

Memorial Day Weekend officially kicked off the boating season. Just like last year, we are expecting the presence of IDNR, in addition to increased patrols by Madison County, to be on our lake from time to time. Please make sure you have all necessary equipment on board.

SuTwan Dam

You may have noticed quite a bit of activity on the SuTwan Dam. Unfortunately, there appears to be a leak coming from somewhere. Whether it's ground water or a leak in the dam, there will most likely be a significant cost to the repair. We have installed a collection basin to monitor the situation daily. We are working with our engineers on the problem and how to best resolve it. Please make sure you are reading the Times for updates as we move through the process.

Best Regards,
Scott Webber
President
