

Proposed Barge Rules

Nov 2014 (**revised April 22, 2015**)

1. Building Committee must approve permit based on current rules and regulations plus barge related requirements
2. Standard permit fees will apply
3. Barge company must be bonded and fully insured per HS Rules
4. Inspection of barge equipment to insure no negative impact to marine life
5. Inspection of barge equipment for use of bio-degradable hydraulic oil
6. Barge company plans for detailed spill protection prior to launch
7. Barge company use of oil booms at all times
8. Barge cannot be launched until materials and support equipment are at loading site.
9. The marina ramp can only be used for launching and retrieval of the barge.
10. Parking for storage of trucks and equipment must be negotiated with Marina
11. Barge configuration can not to exceed 30'x50' and can only be stored at the work site
12. The Marina is the recommended primary loading site with potential alternate sites to be approved by the Board
13. Work is prohibited near the Marathon pipe line
14. Working period shall be the off peak months of October thru March.
15. Hours of operation shall be between 8:00 AM to dusk, Monday thru Friday. Saturday work may only be allowed at the owner's property, but the barge would not be allowed to be moved on the lake. Sunday work is prohibited.
