# Manager's Report

## by Rob Clarkson

Our Lake is at full pool and water quality is excellent. If you have obtained your 2022 boat stickers be mindful that only the current Holishor sticker is permitted to be on your watercraft, so make sure to remove all the old ones.

We are approaching the time of year when severe weather can develop quickly. Make sure you're prepared with flashlights, batteries, blankets, first aid kits, and an emergency action plan for your households.

Volunteers are needed for our many committees which in turn make our community such a fabulous place to live. The social committee organizes many of events such as Breakfast with Santa, Easter Egg Hunt, Movie nights, Golf Scramble, Comedy Night, and Trunk or Treat. Want to see more events? Become involved with this committee and have a voice. Your time will help make our community strong while making memories for a lifetime.

The Garden Club takes care of all our entrance gates, the club house landscaping, as well as the Native plant display at the North end of the Lake. This group works hard to keep our community looking great. Garden Clubs main Fundraiser is their Spring Plant Sale in May help support them and the work they do in our community. Information on joining these groups is in the Holiday Times.

Dues and Assessments second installment comes due March 1st. Members who may have difficulty staying current with this requirement should contact the office and communicate with us any special needs.

As always, this time of year keep the forecast in mind when parking on the roads. If there is a snow event, the maintenance dept. will be working diligently to clear our roads. Vehicles parked alongside the roads makes their task that much more difficult.

Board of Directors meetings are held on the 2<sup>nd</sup> and 4<sup>th</sup> Wednesday of every month at 7:30 in the Club House. Come sit in and see what's going on in your community. Building Committee meets the 1<sup>st</sup> and 3<sup>rd</sup> Tuesday of the month in Library located in lower level of clubhouse at 6:30 pm.

# WANTED

## MEMBERS TO RUN FOR THE BOARD OF DIRECTORS

In the spirit of a community team, you are being asked to step up and run for a seat on the Board of Directors. Do you have an interest in being a part of the team that makes decisions affect-

ing the manner all families live within our community? This is a commitment not to be taken lightly, however, enhancing the chosen life-style of our members and taking the community forward will be rewarding.

PICK UP AN APPLICATION AT THE HOLISHOR OFFICE OR  
 DOWNLOAD AT [www.holidayshores.us](http://www.holidayshores.us)  
 Deadline for applications is April 10, 2022

If you have a love of nature, enjoy working in the garden, and are a Holishor resident, please consider joining the Garden Club this year. From the variety of program topics, you will gain valuable information on types of plants and flowers that thrive in this area, plus, learn beneficial ways to care for the environment. Through education, and fellowship among neighbors, this volunteer service organization maintains an ongoing commitment to focus on the beautification of the Holiday Shores community. While the group will not refuse any monetary donation, what is really needed is donations of **TIME**...either by working at the Native Plant Community Project as a resident volunteer, OR, as a Garden Club member.

**New faces are welcome!**

Creel Limit Rule Change  
PROPOSED RULE CHANGE TO CREEL LIMIT  
Current creel limit

Species	Daily Limit	Size Limits
Largemouth Bass	3	14" minimum length
Smallmouth Bass	1	18" minimum length
Hybrid Striped Bass & Striped Bass	1	20" minimum length
Catfish (All Species)	3	14" minimum length
Crappie (All Species)	20	8" minimum length (Currently no limit until 2022)

Proposed creel limit

Species	Daily Limit	Size Limits
Largemouth Bass	3	14" minimum length
Hybrid Striped Bass & Striped Bass	1	20" minimum length
Channel Catfish	3	14" minimum length
Flathead and Blue Catfish	1	24" minimum length
Crappie (All Species)	20	8" minimum length (Currently no limit until 2024)

Shaun Diltz Makes a motion to accept rule change proposal as written  
Robert Wittkamp Seconds  
Proposed rule to be posted for 4 weeks. Vote will be held February 23, 2022 BOD meeting.

Revised Budget 2022  
Tony Harris Here are some of the highlights between the revised budget and the original budget. On the income side, we increased the estimate for dues and assessments from 1,192 to 1220 members based on our 2020 and 2021 payment history. We increased dues for closing and prior year dues and assessments also based on 2021 and 2020 collections. We added in the restaurant rent, and we removed funding from reserves line and we added the carryover from 2021. On the expense side, we updated the payroll numbers for the changes to public safety,

maintenance, and the addition of the code enforcement position. We adjusted expenses based on the actuals that we had for 2021. We used an inflation rate of 3% for any of the inflation adjusted items and then the carryover that we had we allocated those dollars to tennis courts, restaurant patio, the rock for the north pond, 2 culvert repairs, stormwater and ditching improvements that we carried over, updating the security system and cameras and adding a silt removal category in the reserve schedule.  
Tony Harris Makes a motion to approve the revised budget for 2022  
Anthony Harrell Seconds  
All in Favor  
Motion Carries  
Ditching Bids Opening  
John Crotty We did receive 2 ditching bids that we will open. We invited five groups to come out and review, three actually came out and two bid on the job. Kamadulski Excavating bid is \$214,712.75 . Stutz's bid is \$170,178.90. The line items all line up with work to be done. Anthony Harrell Any differences in time frames or anything like that? John Crotty 60 days on both, all the line items are the same. Anthony Harrell So there's just \$44,000 difference basically between the 2 bids.  
Tony Harris Makes a motion to accept the bid from Stutz  
Shaun Diltz Seconds  
All in Favor  
Motion Carries  
Reserve Schedule 2021  
Tony Harris In your packets you have the finalized reserve scheduled for 2021. We just need the board to approve it so we can give it to the auditors.  
Tony Harris Makes a motion to approve the reserve schedule as presented in the packet for 2021  
Shaun Diltz Seconds  
All in Favor  
Motion Carries  
New Business  
Tornado Siren  
John Crotty This has been brought up as a discussion item to start thinking about in light of the recent events if we'd be interested in putting a tornado siren in our neighborhood. Any interest from this board for us to look at this further. Anthony Harrell I get the alerts on my phone from the weather alert system. Shaun Diltz I just wanted to bring up that Holiday Shores does not have a tornado siren. So if residents thought we have one, we do not. John Crotty Shaun, thanks for letting us all know, at this time we will continue as we are.  
Streetlight Removal (2085)  
John Crotty There was a request to potentially remove the streetlight that's on his property, I did reach out to Southwest Electric. Southwest Electric does require approval from the board to remove or move the lights. Is the homeowner here? He is not. I believe at this time the homeowner was going to approach us if he was still interested in that and discuss with the board but he's not here so I assume it is a dead issue.  
2022 Environmental Grant  
Rob Clarkson They've changed the name, it used to be the sustainability grant, different contact people within the county. I've sent it to the Sanitary District for their approval. We have signatures from Moro Township, who we actually apply for the grant through, and their board approved it. Basically just waiting on your signature for the resolution. I can scan it all and email it to the county and wait for the result.

# HOLIDAY SHORES Garden CLUB NEWS

By: Patti Brown

[www.holidayshores.us/garden-club](http://www.holidayshores.us/garden-club)

*The Garden Club is still on winter break and will not be meeting this month, but they will begin their yearly activities with the next meeting scheduled for Monday, April 18, 2022 at 7:00 p.m. at the clubhouse.*

## MARCH IS THE TIME TO GET READY FOR GROWING SEASON Gardening Activities You Can Do Now

*PREPARE TOOLS FOR THE SEASON. If you didn't have a chance to repair your tools or give them a thorough cleaning in late fall or winter, do it now. Use a wire brush or steel wool along with 3-In-One oil to clean metal tools like shovels and spades. Wood handles can be sanded and oiled using linseed oil. After removing rust from pruners or loppers, disinfect with rubbing alcohol and sharpen.*

*ATTEND A FLOWER OR GARDEN SHOW. Give yourself a break from the dreary cold winter weather and get inspiration for your garden. You might also pick up garden supplies along with ideas.*

*CUT BACK ORNAMENTAL GRASSES. Nearly all grasses can be cut back now, especially summer and fall blooming grasses.*

*DON'T PRUNE SPRING-FLOWERING SHRUBS. Give your shrubs time to be beautiful and bloom. The best time to prune forsythia, lilac, azaleas and others is right after they bloom.*

## Garden Club Annual Plant Sale Friday, May 6, 2022

Details on time and location for this annual fundraiser will be published in the April Holiday Times, along with the usual pre-order form for colorful geraniums.

# HOLIDAY SHORES FIRE DEPARTMENT

## *Firefighter's Footnote*

**Firefighter's Footnote** - We hope everyone is staying safe and healthy so far this year. Remember to set your clocks forward one hour on Sunday, March 13 when Daylight Saving Time starts. It's also a great time to change the batteries in your smoke alarms and carbon monoxide detectors. We recently held a practice medical scenario exercise and went over our methods of reporting and documenting. Coming up we will hone our skills by reviewing our trauma-packaging along with having a cold water/ice rescue drill. This past month we responded to 17 calls in five different categories: 12 EMS, 2 motor vehicle accidents, and one each for a building fire, brush fire, and unintentional device activation. We are planning on holding our annual Fish Fry again this year on Friday, May 6 and so save the date! Anyone interested in joining our department can stop by on Monday evenings from 7-9pm. As always, you can follow us on Facebook or look us up on our website at [www.hsfid.org](http://www.hsfid.org). Remember to be careful driving in hazardous conditions and to keep an emergency kit in your car.

## TEACH KIDS TO **escape a home fire**

- 1 Practice an escape plan twice a year at different times of the day.
- 2 Make sure they know your family's meeting place and to never go back into a burning building.
- 3 Teach them why and how to call 911.

## 3 Ingredient Apple Bread

2 cups (250 g) self-rising flour  
1 cup (250 g) applesauce  
1/2 cup (4 oz) milk or sweetened condensed milk

Preheat oven to 350°F. Line an 8 x 4 inch baking loaf pan with parchment paper. In a large mixing bowl, add flour, applesauce and milk. Whisk until all ingredients fully combined and no flour pockets remain in the mixture. Pour mixture into your prepared loaf pan. Place into the middle of your oven and bake for about 45-50 minutes or until bread is done. When bread is done, it should be golden brown on top, when you apply pressure to the surface it should bounce back and a toothpick inserted should come out clean. Let bread cool before slicing and eating. Bread can be enjoyed as is or toasted. You can also add your favorite spread. Bread can be stored in an airtight container at room temperature for 1-2 days or in the fridge or freezer for longer. Servings: 12 slices, Prep time: 5 minutes, Cook time: 45 minutes, Total Time: 50 minutes  
**ENJOY!! ENJOY!!**

#### Appoint Nominating Committee

John Crotty Our chair and sole member of the nominee committee has stepped down. So we will be looking for a new chair for the nominating committee. So if anybody's interested or know anybody that's interested, have them approach the office.

#### Security System

John Crotty Rob is looking at our security system and has some information on our current security system and some recommendations. Rob Clarkson The current camera system that we have is very dated, you don't get recognizable pictures out of, it takes forever to go back because it's almost like the old VHS days of rewind. So we're looking at the possibility of using some of the overage and updating our camera system. And at the same time fixing a problem that we're going to have with having somebody up here to open the doors for events. A keypad that is linked to our alarm that we can put a code in similar to what your Airbnbs do. Temporary, turned on turned off, cellular if need be. Programed that way. Chris has had a couple business out and is putting all the information together. He'll have that and the bids for you at the next board meeting. Tony Harris We are looking around a ballpark of a little less than \$5000. And then early estimates that we discussed Monday it should also save us about \$200 to \$250 a month in monitoring.

#### Clubhouse Ballroom Contract

John Crotty The current ballroom contract calls for public safety to be provided if there is more than 75 people or alcohol. We no longer have public safety, so we do not have that to provide to the renters so we have to decide to remove that from the contract, or we have to contract with a private security company that the renter would have to pay for in those situations. Tony Harris I think, in conjunction with putting in the security system you have the ability to open & close the building, as long as we review or monitor what the building looks like beforehand and do it again when cleaned up, just take the language out. Rob looked into different

places around that host those types of events and they don't have security there. They do have a bartender in person. We wouldn't have our own but the restaurant downstairs will be providing the alcohol in those situations so we would have somebody affiliated with us to deal with things. Robert Wittkamp If there's an issue they just call 911. That's what should be done. If there's an issue call 911 and let them handle it. John Crotty Karla and Rob, we can update the contract and remove those clauses for future going forward.

Tony Harris Makes a motion to remove public safety/security language from contract

#### Open Floor

Kris Williams (7) Just three things. First, I wanted to really thank the board for the work that they did on the pickleball courts, approving those. Everybody's just so excited. Thank you very much. And I'm sure Roger will probably say the same thing. Second, I had a question on the fencing that you guys had talked about for the pickleball court, I was just a little bit confused about it. I understand that we're not going to separate the pickleball courts. Is there still a plan to separate the north-south courts and the pickleball courts from the tennis courts or is there no fencing at all. Shaun Ditz We're waiting on a bid on the fencing. And we were going to use the existing tennis net as a separator from the north and south pickleball courts. Also waiting on bid for the wind screen, but that seemed to be very expensive, so we may need to find some alternatives. But we did pass the work for the courts resurfacing, nets and posts for the pickle ball courts and we're on the list for this summer with that company. Kris Williams (7) Okay, good. Because if it turns out, you got to tin cup it a little bit to get some extra punch for that we would probably like to know so we have a little bit of time to start planning what we may need to do assist you. John Crotty But I think what we talked about was only doing it between the north-south courts. Kris Williams (7) Yeah. And

that would help a lot. The north-south court, separating it from the tennis court would probably help to too, for sure the north-south court. We actually did put a Facebook page for the pickleball people out here called Holiday Shores Pickleballers. The last thing, just a simple question. In light of all this Covid stuff., have you guys given any more thought to doing zoom meetings for the board meetings so that people who can't attend or would like to at least listen in. John Crotty We have not discussed it any further. I know it came up about a year ago this time. I think we just determined that we weren't going to invest in the technology to do so. If we started seeing a lot more people show up to meetings and they couldn't spread out, maybe we would consider it, but this is kind of what shows up. Kris Williams (7) Well, you know, it might be the opposite if you get more people that are hearing what's going on. You might get more people. Thank you. Roger Rawson (1851) Thank you guys again for doing the pickleball courts. I don't know if you saw us out there, we're actually playing tonight. Shaun Diltz We are signed up to get the courts done in June, I'm excited in the improvements too. Roger Rawson (1851) I'll have to claim that I did not read any of the past minutes, but I heard that you guys have eliminated public safety. Is that true? John Crotty Yes, that's correct. Roger Rawson (1851) I understand, and I agree with it. My concern is lake security, because the last two years have just been terrible. John Crotty We are still going to have lake patrol. We'll bring people back in to do lake patrol. Our new code enforcement officer will be overseeing their training and scheduling and ensuring there's somebody out there. Anthony Harrell You're actually going to have more lake patrol now than you did before. Roger Rawson (1851) Okay, great. So have you moved forward with hiring the code enforcement officer? John Crotty Yes, we have. He will actually be at our next meeting, and we'll introduce him at that meeting. Roger Rawson (1851) Ok. Do we have a maintenance manager now? John Crotty We do not. Roger Rawson (1851) Okay. Rob, I thought you said we're going to have one by the first of the year. Rob Clarkson It's kind of split between two of us. Our code enforcement is your building and whatnot. He was a maintenance guy and he and I both will be in that position. John Crotty It's not another position that we will be filling, basically this code enforcement officer rolled in some of the maintenance managers role as well as Rob did, and then this person will pick up a lot of stuff public safety was doing. It's kind of a hybrid of the two between public safety, code enforcement, building permits and things like that. Roger Rawson (1851) As far as lighting for the pickleball courts, Rob, do you know what voltage that lighting is? Is it 240? Rob Clarkson I don't believe it is. We had it apart. We were doing the timer and I believe it was still 110. I know we replaced the timer out there because somebody spun it all the way around. Roger Rawson (1851) Do you guys have an electrician? Rob Clarkson As needed we hire one out, we don't have one on staff. Anthony Harrell Are you wanting higher voltage lights? Roger Rawson (1851) No, no, I just want to know what's there. Rob Clarkson We changed the bulbs in them all last year. Roger Rawson (1851) I believe they're probably 240. I think that's what those lights usually run on. Rob Clarkson They're very dated lights. Roger Rawson (1851) Yes, and once they go out, they don't come back on for 20 minutes. Rob Clarkson Metal halogen or something they call it, something like that. Roger Rawson (1851) I was just wanting to know what's there. So we can try and investigate about, you know, updating the lighting system too. So, for future reference, you know, pretty much everything's LED now. So we'll see how the other systems integrate. I'll see if I can get electrician to come check us out. Rob Clarkson Let me know when you do and I'll get with you. Roger Rawson (1851) Alright. Great. Thank you.

Proceedings Meeting called to order at 7:30pm

Pledge of Allegiance recited

Meeting Minutes – Minutes of January 12, 2021

Tony Harris Motions to approve the minutes as amended.

Jerry Allen Seconds

All in favor

Motion carries

Transfers of Property We had 2 transfers of property, both triggered initiation fees.

Rob Clarkson I would like to introduce Chris Galletta who has taken the role of Code Enforcement. He will be responsible for enforcing the Covenants, Bylaws & Rules. Chris will also be a member of the Building Committee.

#### Old Business

Ballroom Carpet Bids

John Crotty There were three bids to replace the flooring in the ballroom. This includes the entryway, the kitchen, the dance floor, the elevator and the main ballroom for all three bids. Theo's Flooring \$17,402.51, JR's \$31,709.50, & Russell Furniture Co. \$22,642.85. Tony Harris Do those include anything for the repairs we are anticipating needed against the wall. Rob Clarkson They were all made aware of that. Conversation ensues.

Shaun Diltz Motions to accept Thoe's Flooring bid of \$17,402.51

Robert Wittkamp Seconds

Creel Limit Rule Change

#### PROPOSED RULE CHANGE TO CREEL LIMIT

Current creel limit

Species	Daily Limit	Size Limits
Largemouth Bass	3	14" minimum length
Smallmouth Bass	1	18" minimum length
Hybrid Striped Bass & Striped Bass	1	20" minimum length
Catfish (All Species)	3	14" minimum length
Crappie (All Species)	20	8" minimum length (Currently no limit until 2022)

Proposed creel limit

Species	Daily Limit	Size Limits
Largemouth Bass	3	14" minimum length
Hybrid Striped Bass & Striped Bass	1	20" minimum length
Channel Catfish	3	14" minimum length
Flathead and Blue Catfish	1	24" minimum length
Crappie (All Species)	20	8" minimum length (Currently no limit until 2024)

Proposed rule to be posted for 4 weeks. Vote will be held February 23, 2022 BOD meeting.

John Crotty The proposed changes to the creel limit has been posted now on the website and will be till the February 23 meeting. Anybody got any feedback or concerns with that? Jerry Allen I just had one question, on the new creel limit it says currently no limit till 2024, is that no limit 8" and above or just no limit period. Shaun Diltz No limit period.

#### Security System

John Crotty We talked about that our security systems pretty outdated and we're going to do some updates on it. Chris has done some research on it. We have 2 bids. George Alarm Company, Inc. \$6,355. and Pass Security \$8,780. They both come with a monthly fee. George Alarm Company, Inc. is \$92 a month and Pass

Security is \$234. They look to be similar bids. Shaun Diltz Are these apples to apples in products as far as the cameras and the recording devices? Chris Galletta Correct, they are identical items. There are four 4-megapixel cameras, a digital recorder plus keypad entry into the ballroom. Shaun Diltz We don't have keypad entry today so this will be an upgrade. Everything will be an upgrade. Chris Galletta Correct. Tony Harris That will allow us to be able to host events without having public safety here to open the doors. Shaun Diltz Is there any reason why one was \$234. month and one was \$92. Chris Galletta George Alarm Company, Inc. is a manufacturer of the fire system we already have, their a DMP dealer so they're able to just to take over the system we already have without making any changes to it. So their keypads we already have, the existing keypads and existing fire part of the alarm and everything does not need to be changed. Tony Harris On the monitoring rates do we know why they were so much cheaper? Chris Galletta It's just their monitoring rates. Rob Clarkson It's two different monitoring companies. John Crotty Is there a maintenance fee? Chris Galletta George Alarm Company, Inc. comes with one-year free service. Pass Security comes with a 5-year service contract. Shaun Diltz Is there any warranties on the cameras? Chris Galletta George Alarm Company, Inc., one year and with Pass Security, five years. The monthly fee covers that over the five-year period.

Tony Harris Makes a motion to accept the bid from George Alarm Company, Inc.

Ty Van Ryswyk Seconds

All in Favor

Motion Carries

Shaun Diltz Do you know when it will be installed? They both told me they're about one month out, waiting for materials.

#### New Business

Variance Request (108)

# TIKI BAR BASS CLUB

## HOLIDAY SHORES

It's almost fishing season and the Tiki Bar Bass Club will be getting together for it's annual fishing meeting on March 5 @ 7:00 pm at the future Vault Coffee and Ice Creamy (the old FNB Bank). We will be discussing the 2022 fishing season. You do not have to be a member of the Tiki Bar Bass Club to attend. Anyone can come to the meeting to see what we are about and get information on becoming a member. We are planning the first tournament on March 20 with a 7:00am takeoff with weigh in at 1:00 pm. All of our fishing events happen at Holiday Lake with takeoff and weigh in at Holiday Shores Marina. We are planning the Garrett Steele Memorial Kids Fishing Derby in May again this year, right along with the Heartland Veterinary Hospital Summer Classic in June. There are other events and dates that will be voted on at the annual meeting. Here are some of the highlights from last year's season. Big Bass of The Year Kyler Tuner.. 6.37# bass, Gary Horn Fall Classic winners.. Mike & Dalton Wesley, Rick Henke Memorial winners.. Brian Helm & Tim Indermitte, & the winners for the Heartland Veterinary Hospital Summer Classic were Jason & Justin Lowry.

There is going to be a big crappie event on April 30 and we are hopeful this will be a great event. The purpose of this tournament is to try to control the over population of crappie so in the future we can have big and better crappie. The people involved in these crappie events have been reporting all the crappie being taken out of the lake to IDNR fish biologist Fred Cronin. Fred is our fish biologist that does all the fish shocking at our lake. He has recommended to continue to take out the crappie because of over population.

The Bass Club is looking for an older pontoon, it doesn't have to run or have a motor. If anyone has one, they would like to donate or sell. Please contact us by the email below

Remember everyone needs an Illinois fishing license to fish the lake. Hope to see everyone the water.

Any questions feel free to email at tbbchs@gmail.com

# Big Money Crappie Tournament

**April 30, 2022**

**Take off...9am Weigh-in...2pm**  
*Sign-up: 8am / Pre-tournament meeting: 8:30am*

 Catfish (All Species) 3 - 14" minimum length  
 Crappie (All Species) 20 - 8" minimum length  
 (Currently no limit on crappie until 2022)

# What is your choice?

One of our goals here at Holiday Shores Baptist Church is to make sure that everyone we meet knows for certain that they will go to heaven when they die. Isn't this life's most important question... where will I spend eternity?

The Bible speaks of only two destinies. Heaven, a place where everything is filled with the beauty and glory of God and where its inhabitants have a passionate relationship with God. And hell, a place created for those who don't want God involved in their lives and so he is not. Here there is nothing but lack and hopelessness. We are making these choices even now.

"I want God."

– OR –

"I don't want God."

"I will believe God's testimony that I am broken and only he can fix me."

– OR –

I don't believe that I am all that bad."

"I will trust Jesus to cover and forgive my sin"

– OR –

"I don't need anybody's forgiveness."

I invite you to make the choices now that will fill your eternity with blessing.

There is nothing spectacular about us Christians. We are just ordinary people who have embraced God's promise to fix those who are broken. We agree with Him that we have fallen short of his glorious ideal for us (Rom. 3:23), but take great hope in the fact that we are made right with God by his Son Jesus' death on a cross (Rom. 3:22, 25). Now we are learning and growing in God's ways together. We invite you to join us in this process.

If you would like to discuss this further, call Pastor Rob Lemon at Holiday Shores Baptist Church, at 618.377.7729 or come by a Sunday service at 10:45 AM.

of the house. It is off the property line 25' but it is on the side of the house which is not currently allowed. The variance is to allow them to keep the shed on the side of the house. Tony Harris It sounds like it would be a better location for them and the neighbors, as it is not blocking the lake and is more out of the way. Jerry Allen So basically they moved the shed without getting a permit and they came back afterward for the permit and the variance. I think by moving the shed away from the lake that's a good thing. According to our rules it has to be behind the house not next to the house correct? John Crotty That's correct. They are aware they did have to get the building permit and they will forfeit the refund because they did not do it beforehand. But now they're asking for the variance to allow it to be on the side of the house. Robert Wittkamp I think it looks better, I think it's all around better.

Robert Wittkamp Makes a motion to approve the variance.

Tony Harris Seconds

Ty Van Ryswyk I just wanted to make it aware that the people were not trying to get away with something or sneak by with something. They were just unaware they needed a permit or variance to move a shed. They were more than willing to submit the permit/variance and pay the non-refundable fee for something that benefits everyone.

All in Favor

Motion Carries

Variance Request (352)

John Crotty This case is a project that due to material is going to go over the six months. They're requesting an extension for their Dock 3. Assuming the weather cooperates they are saying they will complete it by 5/1/2022.

Jerry Allen Makes a motion to accept the variance with a new expiration date of 5/1/2022.

Robert Wittkamp Seconds

Silt Pond Dig Out

John Crotty Rob did get a bid to dig out the silt pond by Stutz Excavating for \$40,000. I know this is being looked at as an option for possibly this winter. Tony Harris I think with the amount mentioned we need to get to more bids and look at it little bit further. Sounds like Shaun and Rob we need to look at it and see if there's really 4' of silt to be removed or if it's less than that. Shaun Diltz Yeah, it'll be nice to know just in general, because just getting the history from Decker, those silt ponds were built with that 419 project or 319 or whatever it is, 12 years ago to capture the silt in our big water basin coming from the north end. They couldn't mess with the flow of the creek. They were able to dig those ponds so the ponds could fill in, while the creek has since flooded into those ponds. So a lot of water is coming through that middle creek. So it's doing exactly what it's supposed to do and capturing all our silt before it hits the main lake. So it'd be good just to understand how much silt we got in that lake right now. You know, from the last 12 years, that'll give us an idea in the future, how many times we need to dig these out and stuff. So if it continues to get cold, we should be able to walk out there and do it without getting a boat. John Crotty Okay, so this time, we'll wait for some more research and if we need to move forward, we'll get some more bids and potentially do it later this year or early next year. Shaun Diltz And while we're talking about this, Rob I don't know if you mentioned this in a meeting or not, but we have those baffles for the creek. Did we dig those out a few years ago? Have they been dug out recently? Rob Clarkson They have not been addressed since I have taken office but were on the radar for winter work this year. Shaun Diltz Okay Gotcha. Is that something we can do in house? Rob Clarkson Yes Shaun Diltz Yeah, but this is a good number to have at least we know what to expect.

Tony Harris Makes a motion to adjourn
