Manager's Report by Angie Webster

This year's road project has been completed. We had some extra oil and chip, which allowed us to complete an additional 4½ roads. So, if you notice that your road wasn't on the road plan and it was oil and chipped this is the reason. Road repairs and potholes will continue as weather permits throughout the community. A lot of what is left is road edges or large patches. We will be concentrating on one quadrant at a time. In addition, we will be out sweeping extra rock.

Clubhouse parking lot has been repaired and restripped. Thank you everyone for your support and patience. Tennis/pickle ball court lights have been fixed as well. There is a new box and timers, the new timers allow for lights on half of the court at a time and have a 1 hour time limit.

As the summer is winding down, and kids return to school please be mindful of our little ones at bus stops. Parents try and park to one side of the road only. This allows others to pass through safely. We need to slow down through these areas and be extra cautious.

With the fall season comes falling leaves. While burning of yard waste is permitted from sunrise to sunset. Please use caution burning, refrain from burning on windy days. Never leave a fire burning unattended. Yard waste pick up is weekly included in your trash bill, up to 8 bags per week or call Republic for a yard waste tote. Please refrain from blowing leaves or yard waste into our lake, it is not good for our eco system. Please be mindful of your neighbors. Please keep ditches and culverts free and clear of yard waste and debris. This ensures that water flows correctly.

The Fall Yard sale is on October 3rd and large trash pick up is scheduled for Monday October 5th. The Holiday Shores Volunteer Fire Department annual Open House is set for October 3 from 1-4 pm. The Social Committee is once again hosting Boo Fest on October 24th at the clubhouse.

SuTwan boat ramp has been delayed. There is a question regarding the property line where the boat ramp is going. So I will be obtaining a survey of that area and will work to resolve. I am also working on getting a couple of additional bids for this project.

The Holishor Association

Board of Director's

meetings are held the
2nd & 4th Wednesdays January-October &
the 2nd Wednesday only in November &
December at 7:30 pm in clubhouse ballroom.

All Holishor members are welcome to attend.

If you cannot attend you may submit a written correspondence to go to the Board. It must be received in the Holishor office by **noon Friday prior to the Board meeting.** This allows the Board time to research the issue before the meeting.

The Holishor Building Committee

meets
the 1st Tuesday of December-March &
the 1st & 3rd Tuesdays April-November at
6:30pm in the Library in the lower level
of the clubhouse.

Building permits must be turned in to the Holishor Office before **noon on the Friday** before the meeting
Application packets are available in the office and our website **www.holidayshores.us**

NO WALK-INS ALLOWED

HOLIDAY SHORES GARDEN CLUB NEWS

By Patti Brown

www.holidayshores.us/garden-club

The Holiday Shores Garden Club members began the August meeting with secret ballot voting on the annual competition plant. This year's plant, the dragon wing begonia, was distributed to all members in May. Members are restricted to a 10" pot size, but can use any fertilizer or watering regimen they choose. In August, members brought plants in for judging and the winner will be announced and awarded a travelling trophy at the next meeting, October 19th.

WANT TO LEARN MORE ABOUT GARDEN CLUB

The Garden Club is a social group that contributes to the beautification of the community. Members enjoy informative meetings and perform volunteer work to maintain the public gardens. If you are interested in finding out more, please call or text - Linda at 618-980-4133 or see our Facebook - Holiday Shores Garden Club. Our next meeting will be a potluck on October 19th at 6 pm in the Clubhouse ballroom. The program will include Awards as well as a Game and Card Night fun. Contact Linda at the above number if you would like more information about the club or to attend the next meeting.

Plant container grown trees and shrubs through November. Water thoroughly and mulch.

Cut dead perennials to about 1" above the soil.

Plant daffodils by mid to late October. You can plant tulips up until the ground freezes.

Dig dahlias, gladiolus and cannas after the first frost or when leaves turn yellow.

MEDICARE ANNUAL ELECTION PERIOD IS HERE!
OCT 15TH - DEC 7TH

Holishor Association Fishing Committee

Holiday Shores Members,

October Fishing at Holiday Shores Lake

October is one of the best times of the year to get out on Holiday Shores Lake. As water temperatures begin to cool, fish become more active and anglers can take advantage of the fall transition.

Largemouth bass are a popular target during October. With no aquatic vegetation in the lake, anglers should concentrate on boat docks, shoreline cover, and areas where baitfish are present. Shad become especially important this time of year, and bass will often follow them into shallower water as they feed heavily before winter.

Crappie and bluegill can also provide good fall fishing. Crappie may begin moving toward shallower areas and can often be found around docks and other available structure. Bluegill remain active and can provide excellent action for anglers of all ages.

Catfish continue to bite throughout the fall, providing another opportunity for anglers looking for a hard-fighting fish. Holiday Shores also has newly stocked hybrid stripers, which should become an exciting addition to the lake's fishery. As these fish become established and grow, anglers can look forward to targeting them in coming years.

Help Keep Holiday Shores Lake Healthy

Fall also brings an important reminder for lake residents: please do not blow or rake leaves into the lake. Leaves that enter the water eventually break down and add nutrients and organic material to the lake. Large amounts of leaves can contribute to excess sediment and nutrient buildup, reduce water quality, and create conditions that can lead to problems such as algae growth and low oxygen levels. Instead, keep leaves on the shoreline or dispose of them properly through composting, bagging, or other approved methods. Keeping leaves out of the lake is a simple way every property owner can help protect the lake and maintain a healthy fishery for years to come.

Additionally the Fishing Committee has been contructing more artificial structures which will soon be placed in the lake to provide more habitat for all species of fish to help improve their survival rates. Smaller structures to be placed under docks are still in the works and will be completed after the larger structures are placed in the lake .

So grab your tackle, watch for cooling water temperatures, and take advantage of October's excellent fishing opportunities at Holiday Shores Lake

Thank you, Holiday Shores Fishing Committee

Creel Limit

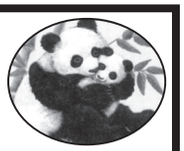

Species - Daily Limit - Size Limits
Largemouth Bass - 2 - 16" minimum length
Hybrid Striped Bass & Striped Bass - 1 - 20" minimum length
Channel Catfish - 2 - 20" minimum length (Total-All Catfish Species)
Flathead & Blue Catfish - 2 - 20" minimum length (Total-All Catfish Species)
Bluegill / Redear - 30 - No Size Limit
Crappie (All Species) - 20 - 8" minimum length (Currently no limit until 2027)
The north ponds are catch and release for largemouth bass through 12/31/2027. Effective 3/15/2026

As a request from the Board of Directors an independent survey of the fish community and other physical, biological, and chemical factors directly affecting the fish community was completed at Holiday Lake on May 28, 2025. Scan QR code to see the report.

Firefighter's Footnote -

Our Open House is Saturday, October 3rd this year from 1-4pm. Stop by and tour the firehouse, climb inside the trucks, meet and greet our members, and have a day full of fire-themed fun! We look forward to seeing you and maybe even joining our fire department family. October is here and many people are using their fireplaces and burning leaves. Make sure to have your chimney flue checked and cleaned regularly. Don't burn leaves on a windy day, use designated fire pits for burning, and have a water hose ready to go if needed.

Sunday, November 1st is the end of Daylight Saving Time so remember to have your clocks "fall" back an hour. Also, change the batteries in your smoke alarms and CO detectors. This month we will review Fireground Management & Reading Smoke along with practicing a live burn in Elsah. We responded to 25 calls last month. Fire Prevention Week is October 4-10 with the motto to "Charge into Fire Safety". The focus is on everyday charging habits that can help reduce the risk of lithium ion battery fires and keep homes and communities safe. Some safety tips are to use the cord and charger that came with your device or manufacturer approved; charge on a hard, flat surface; unplug your device when it is fully charged; charge large items such as e-bikes, scooters, and power tools outside when possible; stop using your device if it feels very hot, swells, smells strange, leaks, smokes, or makes a popping/hissing sound; and keep your device where you can see it when you are on a plane. Watch out for Trick or Treaters this Halloween and drive slowly. If you are participating, make sure to wear reflective clothing or glow sticks. Happy Halloween!

Holishor Association Board of Director's Minutes

August 12, 2026

Call to Order
John Crotty called the meeting to order at 7:33 p.m.
Board Members in Attendance: Jennifer Halverson, John Crotty, Ben Kelley, Tony Harris, Jim McCann, John Kline
Association Office Present: Angie Webster, Karla Suttles
Members Present: 0
Non-members in Attendance: Cody Kreamalmeyer representing EIA Contracting
Board Members Excused: Ty Van Ryswyk
Pledge of Allegiance recited.

Approval of Minutes
Tony Harris *motioned* to approve the July 22, 2026, meeting minutes with noted changes, **Ben Kelley** seconded, all in favor, motion passed.

Transfers of Property
There were 4 transfers of property, all of which included an initiation fee. Membership is 1267.

Bills & Salaries
Tony Harris *motioned* to approve the bills & salaries, **John Kline** seconded, all in favor, motion passed.

Treasurer's Report
Profit & Loss Summary: No questions.
Treasurer report: No questions.

Manager's Report & Code Enforcement Report
Angie Webster read the manager's report (which can be found in full in the Holiday Times).
John Crotty summarized the code enforcement report and noted 27 citations written for issues with a golf cart, boat stickers, property maintenance, and building permit violations.

Old Business: None

New Business
Variance (7160) – EIA Construction is requesting an extension due to heavy rains and work rescheduling. **Tony Harris:** Noted that even with the rains, 7164 was completed on time and noted water drainage issues to the adjoining property. **Cody Kreamalmeyer**: Indicated that 7164 was started 2 months earlier. Noted construction material issues. Indicated that the same owners have both properties. Noted that sloping shouldn't be an issue. MadCo approved the finished building. Confirmed completion would be done within 3 months. **Tony Harris**: Noted prior extension expired 7/22 and request for 2nd extension application was 7/21. **Tony Harris** *motioned* to approve the extension of the building permit for 90 days from July 21, **Ben Kelley** seconded, 3 nays, motion failed due to lack of a majority vote. **Cody Kreamalmeyer:** Questioned next steps since the extension was not approved and questioned if this has happened before. **Angie Webster**: Noted that the project is considered incomplete and fines will begin immediately. Provided a summary of the fine structure.

Correspondence: None

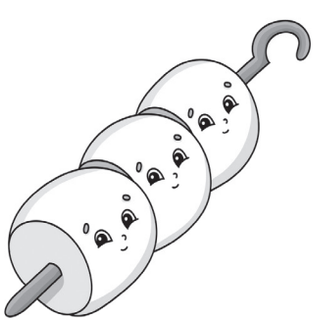

Action Summary
New: Angie to have the gate post checked at the marina and the cable adjusted. Old: Angie to address the voicemail message on Lake Patrol phone. **Unable to turn phone on, will have to purchase a new phone and work with carrier to address voicemail message.** Add a no-wake sign at the north end. – **Sign is in, will be installed in the fall after roads are addressed.** Weight point check now that water level is at full pool. Su Twan Boat Ramp – **Bid increased due to a change in the cost of rock, will seek another bid.** Light / Camera at the boat ramp – **Pole is on property waiting to be installed**. **We can dig the hole in the fall if not complete.** Cul-de-sac repair bids **No, new bids. Continuing to investigate.**

Open Forum
The following items were discussed:
Jennifer Halverson: Commended the improvements to the Ski Beach area by both the Club and the association. Acknowledged addressing the weeds at the north end along the water. Road around the north end is significantly better.

Adjournment
Motioned to adjourn was made by **Tony Harris, Jim McCann** seconded, all in favor at 7:57 p.m.
Submitted By: Jennifer Halverson, Holishor Board of Directors Secretary

August 12, 2026 - Meeting was canceled

HOMEMADE HALLOWEEN COSTUMES FOR KIDS

Easy • Affordable • Fun to Make at Home

1. GHOST

Use an old white sheet or oversized white T-shirt.

Add large black felt eyes and a smiling mouth.

Tip: Keep the hem short enough for safe walking.

2. SCARECROW

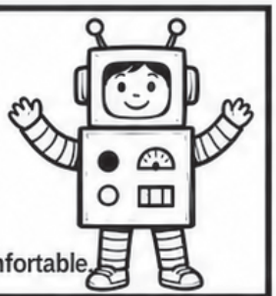

Pair jeans with a plaid shirt and floppy hat.

Tie raffia or paper "straw" at wrists and ankles.

Add rosy cheeks with washable face paint.

3. ROBOT

Decorate a cardboard box with paper "buttons."

Use paper towel tubes for simple robot arms.

Cut wide openings so movement stays comfortable.

4. BLACK CAT

Wear black clothes and make felt or paper ears.

Add whiskers with face paint or eyeliner pencil.

A soft fabric tail can be pinned to the waistband.

5. MUMMY

Layer white fabric strips over light-colored clothes.

Use safety pins or fabric glue to hold strips in place.

Avoid loose strips near feet, hands, or the face.

6. SUPERHERO

Make a cape from an old pillowcase or T-shirt.

Cut a bold paper emblem for the shirt front.

Skip anything tied tightly around the neck.

7. SPIDER

Dress in black and stuff black socks for extra legs.

Attach the legs along the sides with ribbon or thread.

Keep all extra legs above knee level.

8. ARTIST

Wear an old button-up shirt as a paint smock.

Add a paper beret and cardboard paint palette.

Draw "paint" spots with washable markers.

HALLOWEEN SAFETY: Keep costumes easy to walk in and easy to see in.

Add reflective tape or carry a flashlight when trick-or-treating after dark.

WINTERIZING *Your Boat*

PROTECT YOUR INVESTMENT BEFORE THE FREEZE

As summer winds down and the days get shorter, it's time for Illinois boat owners to start thinking about winter storage. Properly winterizing your boat can prevent expensive freeze damage, corrosion and other problems—and help ensure you're ready to enjoy the water again when spring arrives.

Illinois winters can bring prolonged periods of freezing temperatures, so simply covering your boat and putting it away isn't enough. Your engine, fuel system, plumbing, batteries and interior all deserve attention before the boat goes into storage.

1. START WITH THE ENGINE

The engine is one of the most important parts of your boat to protect. Water left inside an engine or cooling system can freeze and cause serious damage.

For outboard, inboard and stern-drive engines, follow the manufacturer's winterization procedures carefully. Common maintenance includes changing the engine oil and filter (four-stroke engines), changing the lower-unit gear lubricant, lubricating required grease points, inspecting the propeller and checking the condition of the anodes.

Because procedures vary by engine, always follow the owner's manual or have the work done by a qualified marine technician.

2. DON'T FORGET THE FUEL

Fuel can deteriorate during months of storage. Before putting the boat away, add the manufacturer's recommended amount of marine fuel stabilizer and operate the engine long enough for treated fuel to circulate through the system.

Follow your engine and fuel-system manufacturer's recommendations regarding fuel level and storage. Different systems can have different requirements.

3. PROTECT THE FRESHWATER SYSTEMS

If your boat has sinks, showers, freshwater tanks, toilets, live wells, wash-down systems or other plumbing, make sure water is removed or properly protected before freezing temperatures arrive.

Use propylene-glycol marine/RV antifreeze where appropriate and follow the equipment manufacturer's instructions. Even a small amount of trapped water can freeze and damage pumps, hoses, fittings and other components.

4. TAKE CARE OF THE BILGE

Before covering the boat, inspect the bilge and remove standing water. Clean out oil, dirt and other contaminants and make sure the bilge is as dry as possible.

Never discharge contaminated bilge water, oil or antifreeze onto the ground or into the lake or stormwater system.

5. GIVE THE BATTERY SOME ATTENTION

Batteries can suffer during months of inactivity. Clean the terminals, inspect the battery and follow the battery manufacturer's recommendations for storage and charging.

Depending on your boat and battery type, the battery may be removed and stored in a suitable location or maintained aboard with an appropriate marine battery charger/maintainer.

6. CLEAN AND DRY THE INTERIOR

Before closing up your boat for the season, remove food, drinks, clothing and anything that could attract rodents or other unwanted visitors.

Clean the interior thoroughly and allow it to dry. Leave appropriate ventilation where possible, and consider moisture-absorbing products in enclosed areas to help prevent mold and mildew.

Don't forget to remove valuable electronics, fishing equipment, life jackets and other items you don't want exposed to cold, moisture and potential pests.

7. COVER IT PROPERLY

A quality winter cover is more than protection from snow. It should keep rain, snow and debris out while still allowing appropriate ventilation.

Make sure the cover is securely supported and that water and snow can drain away rather than collecting on top. Check the cover periodically throughout the winter, especially after heavy snow or strong winds.

If your boat is stored outside, inspect the cover periodically rather than assuming everything is fine until spring.

8. A LITTLE WORK NOW CAN SAVE A LOT LATER

Winterizing your boat may seem like one more chore at the end of boating season, but proper preparation can save significant time and money in the spring. A cracked engine component, damaged water system or neglected fuel system can turn the first warm weekend of the year into an expensive repair project.

If you're unsure how to winterize your particular boat, check the owner's manual or have a qualified marine professional perform the winterization.

DO IT RIGHT BEFORE THE FIRST HARD FREEZE.

When spring finally arrives, you'll be much closer to doing what you really want to do—putting the boat in the water and enjoying another Illinois boating season.

See You on the Water!

The Eternal

ETERNAL. What a great word! It speaks of something lasting and stable. Our hearts really long for that. How can we have those things? Is it possible? The answer is yes, there is a way to have 'eternal.'

Eternal expresses to us the type of Being that the Lord Jesus is. He has always been alive and will always be alive. From everlasting to everlasting. But it is more than just existence, it also suggests a quality of life, a depth, an enjoyment, an ongoing, and never ending exhilarating life. God has lived that way since eternity past and will continue into eternity future.

The wonderful offer on the table is that he is willing to give us, share with us, that same kind of life. Listen to Jesus' offer. "For my Father's will is that everyone who looks to the Son and believes in him shall have eternal life" (John 6:40). "For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life" (John 3:16). "Now this is eternal life: that they may know you, the only true God, and Jesus Christ, whom you have sent." (John 17:3)

And then John the Apostle: "God has given us eternal life, and this life is in his Son. He who has the Son has life; he who does not have the Son of God does not have life. (1 John 5:11-12)

Real living comes by being connected to the Lord Jesus who IS eternal life. Those who put their faith and trust in the Lord Jesus receive his awesome gift of life. Now, that's a bargain that you can't turn down.
