COLDWELL BANKER
BROWN REALTORS®

Manager's Report by Angie Webster

As many of you are aware. The culvert pipe towards the north end of the lake between Biscay Drive and Wakiki, buckled and created a sinkhole in the roadway. This repair has been scheduled and will be completed as soon as possible.

Main beach repairs have been completed. Over 15 tons of sand and 1" rock have been brought to fill in low spots and holes. The ramp to the swimming area has been dug out which was full of sand and mud. Rip rap was added to spots on the seawall this should prevent further wash out.

Cedar Beach also had 15 tons of sand brought into the beach and playground areas. The swing set will be getting sanded and painted soon.

I am happy to see the baseball field being utilized again. T-ball seems to be a huge hit. Kick ball to start later in the month. We have plans in the future to add some dugout benches and repair all the fencing along the creek side of the field. In the spring of 2024 new grass seed will be put down to get the weeds out of the out-field. This field is a first come first serve basis at this time.

Properties in disrepair, overgrown and unmaintained are being addressed with the help of Madison County Building and Zoning. As boating season winds down, we will be out in the community more looking into these properties and letters will be sent requesting members to cleanup.

I would like to thank the Board for the opportunity to continue to serve the community as Lake Manager. I hope to make the community proud.

HOLIDAY SHORES FIRE DEPARTMENT

Firefighter's Footnote

Firefighter's Footnote - Fall has officially arrived and it's time for leaf burning. Please be safe and remember these simple rules: burn leaves or other items in a designated burn pit or safe area away from debris or low hanging limbs, never leave a fire unattended, always have a hose nearby, and don't burn on windy days. It's getting darker earlier in the evening and staying dark later in the morning so watch for kids on their way to or from the bus stop. Halloween will be here soon so make sure your ghosts and goblins are watching out for traffic, and are wearing glow sticks, lights or reflective wear that are visible to any drivers on the road. Thank you to all who attended our 9/11 sunrise and sunset ceremonies. We pledged to never forget our 343 FDNY fallen firefighters when we received and installed the beam from one of the World Trade Towers. Last month we tried out our new battery operated extrication equipment. We hope to never have to use them but are glad to have it just in case. In September we got the chance to check out an ambulance, did our Truck Familiarization and Hands-On

Pumping, and had Practicals with Advanced Medical Interventions. Next month we will go over Fireground Management and Burn Preparation and possibly practice our skills with a live fire. Over the previous month we responded to 19 calls: 14 medical, 2 lift assists, and one each for mutual aid for a fire, no incident found, and fire alarm activation. We have added several new auxiliary members to our department recently along with a paramedic. Anyone wanting more information about what we do at Holiday Shores Fire Department can stop by any Monday evening

Medic Minute - It's time to get your yearly flu shot. The CDC estimates that between October 1, 2022 and April 30, 2023 in the U.S., there have been 27-54 million cases of the flu, 12-26 million medical visits, 300,000-650,000 hospitalizations, and 19,000-58,000 deaths caused by the flu. The flu is a contagious respiratory illness caused by the influenza virus that infects the nose, throat and sometimes the lungs causing mild to severe illness which can lead to death. The flu viruses spread mainly by tiny droplets

when people with the flu then cough, sneeze, or talk, which can land in the mouths or noses of those nearby. Less often, a person might get it by touching a surface or object that has the flu virus on it and then touch their mouth, nose, or eyes. The best way to prevent flu is by getting a flu vaccine each year.

HSFD wants you! If you already have medical or firefighting skills, we can use you. If you don't, we can teach you all the necessary skills that you would need to respond to an emergency. We have classes, on-line learning, training, and practicals to help you achieve the level that you feel comfortable with. Volunteers on our department include students, lay-people of all professions, medical personnel (nurses, nurse practitioners), first responders (EMTs and paramedics), those with full-time jobs, and retirees. We also have an auxiliary level for those who wish to help out but do not want to be hands-on. If you want to help others, there is something available for everyone. Consider joining HSFD – odd hours, poor pay and cool hats available!

WE NEED YOU!

HOLIDAY SHORES FIRE DEPARTMENT

Want to make a difference in our community?

Stop by any Monday night from 7-9pm to learn more! No experience needed!

Holishor Association Board of Director's Minutes

Date: August 9, 2023

Board of Director Attendance: Present: Shaun Diltz, Ty Van Ryswyk, Trisha Yates, Sarah Jacoby and Jim McCann

Excused: John Crotty, Tony Harris

Others Present: Angie Webster & Karla Suttles from the Holishor Office

Holishor Members Present: 4

Proceedings Meeting called to order at 7:30 pm

Pledge of Allegiance recited

Meeting Minutes – Minutes of July 26, 2023

Trisha Yates Motions to approve the minutes as amended.

Sarah Jacoby Seconds

Code Enforcement Report Read by Angie Webster

Old Business

Non-Highway Vehicle Rule Change

3 options were presented to the board for changing the Slow-Moving Vehicle Rule.

Jim McCann Makes a motion to accept Option 1

Sarah Jacoby Seconds

PROPOSED

Non-Highway Vehicles

Non-highway vehicles as defined by Illinois statute 625 ILCS 5/11-1426.1 with valid Holishor decals and lot numbers will be allowed on Holiday Shores roads where the posted speed limit is 35 miles per hour or less. Operators and the non-highway vehicles must meet the current requirements and any future amended by the state as set out in accordance with IL statute (625 ILCS 5/11-1426.1).

Holishor decals for the non-highway vehicles must be purchased in the Holishor Office for \$15 annually.

LEVEL 1 INFRACTION: Penalty \$50

1. The Holishor member is responsible for the actions of any person with-in/on the member's non-highway vehicle at all times. No guest may operate a non-highway vehicle unless they are accompanied by a member or have a valid Associate Member Pass.
2. Holishor decals and lot numbers must be affixed to the right & left sides of the vehicle. Lot numbers shall be at least 3 inches in height and a contrasting color to the vehicle.
3. Minimum liability insurance must be carried on the vehicle.
4. Vehicle operators must have a valid driver's license.

LEVEL 2 INFRACTION: Penalty \$100

1. Careless or Reckless Operation. No person shall operate a non-highway vehicle in a careless or heedless manner to endanger any person or property or cause damage to any Holishor property.
2. Failure to provide minimum safety equipment as listed in Illinois statute 625 ILCS 5/11-1426.1.
3. Repeated violation of Level 1 infraction.

LEVEL 3 INFRACTION: Penalty \$200

1. Repeated violation on Level 2 infractions.

Ref: Board of Directors 08/09/2023

Proposed Rule will be posted on website and in office for 4 weeks. Will be voted on at 9/13/2023 BOD meeting.

New Business

Variance Request (722)

Request if for no culvert where rock is being laid for a parking pad. Conversation ensues.

Variance dies for lack of motion. The board suggested the member go back to the building committee with solutions that address the issue of erosion that could occur on the side of road.

Variance Request (1083)

Request if for no culvert where driveway is being widened. Conversation ensues.

Ty Van Ryswyk Makes a motion based on the building committee's suggestion to accept this variance

Jim McCann Seconds

All in Favor

Motion Carries

Variance Request (1790)

Request for no culvert at driveway for new house construction. Conversation ensues. **Jim McCann** My only concern is that they put some way in there for the water that's going to puddle at the end of the cul de sac to drain down. And they probably do that during excavation.

Ty Van Ryswyk Makes a motion suggestion based on the building committee's recommendation and the elevation that no culvert is needed.

Sarah Jacoby Seconds

All in Favor

Motion Carries

Variance Request (1790)

Request is for more time being granted on the permit due to the size of the new home being constructed. Conversation ensues.

Variance dies for lack of motion.

Variance Request (886)

Request for no culvert at driveway for new house construction. Conversation ensues.

Ty Van Ryswyk Makes a motion based on the elevation and the building committee's opinion to accept this variance.

Sarah Jacoby Seconds

All in Favor

Motion Carries

Baseball Field

Shaun Diltz Any updates on the field, it sounds like there was a T-ball league and a kickball league for adults formed. **Angie Webster** The social committee has put together a T-ball League and or a kickball league for adults. So originally, we went down and looked at the fields, the lights are working, the fence needs some repairs. We were going to take the skid steer and grade it out to get rid of some of the holes in the outfield and some of the weeds. The skid steer is down for repairs and in the shop right now. I don't have an estimated time when that'll be back. We did get the layout of the field and I spoke to Jennifer to see what work they're going to complete what we're going to complete to try to get it up so they can get it ready for the end of the month. **Shaun Diltz** That's fantastic. I'd like to see us utilizing that more. Give us any updates on anything that we would need to contribute or any volunteer work that would need to happen.

Ty Van Ryswyk Makes a motion to adjourn.

HOLIDAY SHORES Garden CLUB NEWS

By: Patti Brown

www.holidayshores.us/garden-club

The Holiday Shores Garden Club members brought there competition plant to the August meeting. It seems this year's plant created a challenge for many members. Members voted by secret ballot for the best of show. After voting, Kim Unfried *showed the results of her science experiment. She had two identical plants that she raised in identical conditions with the exception of watering one with tap water and the other with Holiday Lake water. The lake water plant was healthier looking. Thanks for sharing Kim.*

The August meeting program on silicone dried flowers was given by members, Mary Blackburn and Patti Brown. They shared tips and tricks that they had learned and showed a large variety of flowers that had been dried with this method as well as some dried without silicone.

Linda Campbell reported that the walls at Gates O (St. James and Caribbean) and C (Dam and Overlook) have both been rebuilt by Tauls Walls. Both walls were falling down and were hazardous for members who worked at the gate gardens. Thanks to the Holiday Shores Board who shared the cost of the wall repair with the garden club.

OCTOBER GARDEN TIPS

Perennials, especially spring bloomers can be divided now. Be sure to enrich the soil with compost before replanting. Don't plant peonies too deep and they like a sunny spot.

This is a great time to aerate your lawn and top dress with compost. Your lawn and trees will both benefit.

Begin readying houseplants for winter indoors. Prune back growth and protruding roots. Check for pests and treat if necessary. Houseplants should be brought in at least a month before the heat is turned on.

It is normal for pines and other conifers to lose inner needles at this time of year. Now is a good time to plant new evergreens.

Your yard and garden still need attention in the fall to be ready for the winter. Clean up and mulching are important for healthy plants next year. Make sure to clean and oil hand tools and winterize power equipment before storing. Take a minute to imagine new plantings or landscaping you want to undertake next year.

Holiday Shores FALL COMMUNITY WIDE

Garden Club Native Plant Community Project

(Located at the Silt Pond, North End of Lake on Biscay Drive)

Garden Club continues to seek community volunteers to assist with the Native Plant Community Project. We need **YOU** to work with us and others as we restore this natural area at the north end of the lake.

Native Plants are Perennials

After established and mulched, they require no watering and never need spraying. They provide excellent erosion control and are very colorful all season. They attract songbirds, butterflies, and pollinators....all beneficial to the environment.

Work days are the third Saturday of April through October at 8:00 a.m. until

9:00 a.m. **AND**, on the first Wednesday of the month from 6:00 p.m. until 7:00 p.m. A time commitment of just one hour per month will make a huge impact. Men, women, and children with adult supervision are welcome. Make it a family affair!!

Please consider adding your name to our list of volunteers for this project, or, simply drop by on one of the work days. We would enjoy meeting you!

FAMILY FEATURES

Work, social commitments, kids' activities and the daily grind can take over schedules and wreak havoc on your opportunities to sit at the table for meals. As your calendar seems to fill up with meetings, family occasions and more, you might just find yourself skipping breakfast or lunch and opting for filling snacks instead.

In fact, according to the International Food Information Council's 2022 Food and Health Survey, 75% of Americans snack at least once per day, which means 2023 could become the year of the snack. Whether it's forgoing breakfast at home for a bite on the go or powering up with an afternoon morsel, one flavor favorite and nutritional powerhouse you can turn to is the pecan.

As pecans are used in an increasing number of snack innovations, they're being hailed as the fastest growing nut in new snack applications, according to Information Resources Inc. They're an ideal snack for punching up your routine with great taste, plant-based nutrition and an easy-to-pair profile.

For example, they're poised to remix your snack mix mentality as they complement sweet, savory, spicy and buttery combinations. Ready in less than half an hour, you can add some sweetness to your workday with this Pecan Snack Mix with Cranberries and Chocolate for a fruity, nutty, chocolatey twist on traditional trail mix.

If a saltier treat is more your speed, consider this Salty Pecan Snack Mix for a grab-and-go breakfast as you head out the door or an easy way to keep hunger at bay in the afternoon. Because pecans pair with a variety of ingredients and flavors, they're a perfect partner for this combination of rolled oats, coconut, honey, cinnamon and more.

Find more sweet and savory recipe inspiration at EatPecans.com.

Pecan Snack Mix with Cranberries and Chocolate

Recipe courtesy of Jess Larson and the American Pecan Promotion Board

Prep time: 10 minutes

Cook time: 5 minutes, plus 10 minutes cooling time

- 1 cup pecan halves
- 1 cup rice squares cereal (wheat or cinnamon)
- 1/2 cup pretzels
- 2 tablespoons unsalted butter
- 1 tablespoon brown sugar
- 1 1/2 tablespoons pure maple syrup
- 1/2 teaspoon kosher salt
- 1/4 teaspoon ground nutmeg
- 1/2 cup dried cranberries
- 1/2 cup dark chocolate chips

In large, microwave-safe bowl, add pecans, rice squares cereal and pretzels. In small, microwave-safe bowl, add butter, brown sugar, maple syrup, salt and nutmeg. Microwave butter mixture 1-2 minutes until melted then pour over dry mix.

Toss well to combine.

Microwave snack mix in 45-second intervals, about 4-5 intervals total, until mix is fragrant, golden and toasty.

Cool mix completely then stir in cranberries and dark chocolate chips.

Salty Pecan Snack Mix

Recipe courtesy of Mallory Oniki and the American Pecan Promotion Board

Prep time: 10 minutes

Cook time: 20 minutes

Servings: 15

- 2 cups rice squares cereal
- 1 cup rolled oats
- 1 cup unsweetened coconut
- 1/3 cup honey
- 1/4 cup coconut oil
- 1/2 teaspoon cinnamon
- 1/2 teaspoon salt
- 1/4 cup butter
- 2 cups chopped pecans
- 1 cup oyster crackers

Preheat oven to 350 F.

In bowl, add rice squares cereal, oats and unsweetened coconut.

In small saucepan over medium heat, add honey, coconut oil, cinnamon and salt. Stir until mixture starts to boil then pour over snack mix and stir until well combined.

Transfer to baking sheet and bake 8-10 minutes.

In saucepan over medium heat, add butter. Stir until butter browns then add chopped pecans and oyster crackers. Turn heat to low and stir while pecans roast.

Remove snack mix from oven and add brown butter pecan and cracker mixture; stir to combine.

makes sense. If you remember, we we upped the stocking in 2019, 20 & 21, so those fish are starting to show up because we threw three to four times more bass in the lake than we were the previous 10, 15 years.

New Proposed Subdivision

The only other new business item that was actually removed from the agenda but I figured I'd mention it since it's out there. There is a developer that was supposed to come tonight with some information that they were beginning to review looking at making a new subdivision south of the dam road on three tracks that exist out there. That developer did not have any information to provide to the board at this time, it's very early in the stages of even thinking about it. They requested not to be on the agenda because they I think are still in the looking at stages if it's even feasible. They will have quite a bit information that needs to be brought to the board and to even review or even think about allowing. The board knows very little about what's even been looked at except for the location and potentially the developer.

Dave Decker (1184) I attend a lot of these meetings and I know that our Association Manager resigned in May and I have yet to hear the board in any meeting talk about the status of that replacement. **John Crotty** Thank you for bringing that up and asking. There was a hiring committee that was put in place. The job posting was put out there for four weeks, we collected applications, the hiring committee did initial interviews. Now they have narrowed it down to recommendations for interviews with the board. That has slowed the process a little harder just a little bit just because getting us all together and to do that interview. So the

hope is in the next couple of weeks, those interviews will be finalized, and a decision will be made. Hopefully, ideally before the next meeting. **Jennifer Halverson (1829)** So in lieu of not being able to report out for the safety committee, I did have a couple of questions. So I think you said that the camera but the Marina was not in place yet. What are the approvals that you're waiting on? Is there anything we can help you with? **John Crotty** The board is negotiating with Marina **Jennifer Halverson (1829)** Okay, we do have a good connection with Al so let us know if you need any assistance there. And then the other item is that we did have a group of volunteers that went out and did an assessment of the buoys and the no wake coves. I did submit a report to Angie, she has put it on the agenda for September 13. Prior to the 13th, I would like to get some sort of confirmation as to the cove names because there was nothing I have that's documented with the cove names. and I was not able to reconcile everything that was in the bullet list. Everything that was noted in words on a map versus what is actually on a cove so that I could make sure we're making the right recommendation. So I don't know if there's anything that's documented to that effect that I could get and make sure I can get that report cleaned up. **Angie Webster** Just the map, it's the only one I have that actually has cove names on them. But I know a lot of the coves, people call them different names. **Jennifer Halverson (1829)** The map that I had would say something and it would have an outlot number next to it and that's how I did the best guess. But in some cases, I didn't think that was completely correct. So that's where I was looking for some sort of confirmation. So if we don't have that documented anywhere, I've been given 2 historian names that I would be happy to reach out to. **Jim McCann** I would suggest you talk to Dolly Wood. **John Crotty** And the Board did receive that report and is being reviewed for the next meeting. **Jennifer Halverson (1829)** Okay, so if there is an update let's make sure we get it. I mean I don't know if it needs an update at this time.

Well, I wasn't certain on a lot of the coves, it was a complete guests and after thinking about some of them I think some of them are not correct based on my guess. I think it'd be a good idea to make sure that that is correct. The other piece that was open was the updates to the boating rules. I did review these with a boating committee president. And we agreed verbally that there was no decision or review needed by the boating Committee. He did have one language change to the PWC rule. So I did make that update and I can resend those to the board. But I do think we should move forward with those because one of them is a federal law that our current rules are not in alignment with. **John Crotty** If you've got the update, you can send it to me, and I will share with the board. **John Stanko (1021)** Asked the board if committee reports could be published in The Holiday Times. **John Crotty** Yeah, I think that was what the recommendation was that we would then take the report that goes to us and put it in the minutes that would go on.

Tony Harris Makes a motion to adjourn to executive session.

The Eternal

ETERNAL. What a great word! It speaks of something lasting and stable. Our hearts really long for that. How can we have those things? Is it possible? The answer is yes, there is a way to have 'eternal.'

Eternal expresses to us the type of Being that the Lord Jesus is. He has always been alive and will always be alive. From everlasting to everlasting. But it is more than just existence, it also suggests a quality of life, a depth, an enjoyment, an ongoing, and never ending exhilarating life. God has lived that way since eternity past and will continue into eternity future.

The wonderful offer on the table is that he is willing to give us, share with us, that same kind of life. Listen to Jesus' offer. "For my Father's will is that everyone who looks to the Son and believes in him shall have eternal life" (John 6:40). "For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life" (John 3:16). "Now this is eternal life: that they may know you, the only true God, and Jesus Christ, whom you have sent." (John 17:3)

And then John the Apostle: "God has given us eternal life, and this life is in his Son. He who has the Son has life; he who does not have the Son of God does not have life. (1 John 5:11-12)

Real living comes by being connected to the Lord Jesus who IS eternal life. Those who put their faith and trust in the Lord Jesus receive his awesome gift of life. Now, that's a bargain that you can't turn down.

For further conversation about the Bible or spiritual matters, please contact Pastor Rob Lemon at Holiday Shores Baptist Church at 618.377.7729 or pastorrob@holidayshoresbaptist.org.

5 Ways to Get Your Pet Ready for Fall

(Family Features) Pets provide unconditional love to their companions; in return, it's important to make sure they live happy and healthy lives by providing the best care possible. This means making sure that in addition to food, treats and toys, they receive daily care for their eyes, ears and overall health.

With a desire to bring a dog into his family's lives, Albert, a Bausch + Lomb employee, rescued a terrier mix named Watson. However, it soon became apparent Watson needed some extra love and care to help protect his eyes and ears from irritation and excess buildup. When finding a remedy proved difficult, Albert worked with veterinarians to develop Project Watson Health Care for Dogs, a comprehensive line of quality products targeting these specific areas.

To help ensure your furry member of the family has the best head to tail health possible, consider these tips.

Schedule Regular Vet Visits

Routine wellness checks are an essential part of your pet's care. Annual screenings, even if your dog seems healthy, allow your veterinarian to provide vaccines to combat disease and uncover any health issues that may have otherwise gone undiagnosed until symptoms advanced.

Watch Your Pet's Diet

Feeding your pet a proper diet based on his or her breed, age, size and lifestyle plays a big role in overall health. A balanced diet that includes high-quality food can lead to a shiny coat, healthy skin, bright eyes and may also help strengthen your pet's immune system, maintain intestinal health, increase mental acuity, regulate weight, keep muscles and joints healthy and more.

Support Clean Ears and Eyes

Often overlooked, the eyes and ears are vital areas to the overall health and wellness of your pet. To help keep these areas free of any buildup of bacteria that may cause irritation, consider an option like the line of Project Watson Health Care Products for Dogs, which includes an eye wash, eyelid wipe, ear wash, ear wipe and supplements made using high-quality and naturally inspired ingredients.

Excessive blinking or pawing at the eyes can be signs of buildup, irritation or infection. Dirt and debris trapped around the eyes can also clump in fur, leading to skin irritation and infections while excessive tear production can lead to fur staining, which can develop an unpleasant odor. Eye wipes can be used daily to relieve staining and remove excess buildup. Washing your dog's ears may help reduce dirt, debris and wax buildup; help prevent itching; and reduce the chance of infection while keeping ears smelling fresh.

Create an Exercise Routine

Walks, games in the backyard and social time with other pets can help keep your furry friend in good physical condition. While different breeds and species often have different needs, adequate activity can provide benefits beyond the physical, including reducing boredom, which can potentially lead to anxiety or destructive behaviors.

Prevent Pests

In addition to regular vaccinations, ensure your pet is up to date on parasite prevention. This includes fleas, ticks, mites, heartworm and more which can cause reactions ranging from mild to severe (or even fatal in some cases of heartworm or Lyme disease). Look for pests and skin abnormalities when grooming your pet and contact your vet if your pet excessively scratches, chews or licks his or her fur or ears, or persistently shakes his or her head.

For more solutions to keep your four-legged friend happy and healthy, speak with your veterinarian or visit tryprojectwatson.com. #16777 Source: Bausch + Lomb

Supply and Demand

Edwardsville inventory is currently down 24% year to date - a trend that's turning into a hot seller's market. Now is a golden opportunity to get the maximum value for your property. Prices in our area have risen by an impressive 16% year to date. This means that homes in Holiday Shores are not just selling fast, they are selling for more.

If you're considering making a move, let's discuss how these market conditions can benefit you as a seller. My deep knowledge of the Holiday Shores real estate landscape and my commitment to personalized service will ensure your selling experience is as seamless and profitable as possible.

Don't wait for the market to change, act now and potentially benefit from these unprecedented market conditions.
