# Manager's Report by Angie Webster

Winter is here, with winter, comes snow removal. The most recent storm, dumped about 12 inches total on the Shores. I asked that residents keep vehicles, trailers, and such off the roadways, this makes clearing roads much easier. After any 2" snowfall we will be clearing and treating roads according to schedule. That schedule is in the Holiday Times and on our website.

The North End excavation project is complete. A total of 16,800 cubic yards has been removed from the lake. We know this project has caused road damage, and property damage on the edges of resident properties. Please know repairs will be made to return residents' properties back to normal. Road repairs will continue as needed until we are able to permanently fix in the spring. If you have any questions or concerns, please reach out to me in office ext. 1

As of today the gate for draw-down will remain shut and we look forward to the lake filling up for the boating season ahead.

You may have noticed that we are also digging out Joulters creek and Holiday Point Parkway creek. We are hoping this will slow the flow of water and silt into the lake. Rip rap will be added to both creek sides as well as the retention pond where Joulters Creek comes in under the road to prevent further erosion. This work is not complete and will continue as weather allows.

By now you should have received your Annual Statement. If you did not receive yours, please call the office and we will get another out to you. Dues and Assessments are due January 1<sup>st</sup>. late fees post on the 11<sup>th</sup> of each month. 2026 Watercraft and SMV stickers have arrived. They are yellow this year. Once your membership fees are paid in full, please bring your proof of \$300K watercraft liability insurance and watercraft registration to the office to obtain your stickers. Keep in mind that Associate Member Cards expire on December 31<sup>st</sup> each year. For members who may have difficulty staying current with this requirement, please reach out to myself or Stefani to discuss ways we can help.

The 12<sup>th</sup> Annual Pet Food and Supplies Drive is under way. Thank you to those who have already donated. We will be collecting through December 15<sup>th</sup>. All items will be donated to the Metro East Humane Society. For a complete list of supplies needed visit their website at [www.mehs.org/supplies](http://www.mehs.org/supplies). I would like to wish everyone a safe, healthy and Happy Holidays and a blessed New Year.

# HOLIDAY SHORES FIRE DEPARTMENT

## Firefighter's Footnote -

Happy New Year! We hope everyone had a very Merry Christmas and a Happy Holiday season. Why not start the New Year with a new resolution to join our family at Holiday Shores Volunteer Fire Department? You can serve your community by donating time each month to learning new skills that will help others in their time of need. No previous experience necessary. We will teach you everything you need to know, through hands-on training, classroom education, and e-learning. There are many levels available from auxiliary to firefighter. You can help out at the department, run the radio, answer medical calls, or fight fires. There's something for everyone!

Over the last couple months, we reviewed HazMat scenario responses, went over our Region IV guidelines, and familiarized ourselves with the ambulances. The New Year means we will begin our training again so that we can stay prepared to respond to any and all situa-

tions. I will have the stats next month for how many runs we made in 2025. Any guesses? Last month we responded to 28 calls: 18 EMS; 3 Assist Invalids; 2 False Alarms; 2 Dispatched & Canceled; 2 Brush Fires; and 1 CO detector activation. We gave mutual aid once to Meadowbrook.

Saturday, January 24 is a CPR class here at the fire department from 9am to 1pm through the American Heart Association. It is open to the public, it's easy, and it's free! It's a great class to take whether it is for the first time, recertifying, needed for work, for babysitters, or if you just want to learn how to respond in an emergency. What you learn can help you can save someone's life. We hope to see you here. Come by the department any Monday evening from 7-9pm to speak with us about becoming a member of our team. Look us up on our website at [www.hsfld.org](http://www.hsfld.org), or follow us on Facebook. Have a safe and happy New Year!

## WE NEED YOU! HOLIDAY SHORES VOLUNTEER FIRE DEPARTMENT INTERESTED IN JOINING?

HSFD wants you! If you already have medical or firefighting skills, we can use you. If you don't, we can teach you all the necessary skills that you would need to respond to an emergency. We have classes, on-line learning, training, and practicals to help you achieve the level that you feel comfortable with. Volunteers on our department include students, lay-people of all professions, medical personnel (nurses, nurse practitioners), first responders (EMTs and paramedics), those with full-time jobs, and retirees. We also have an auxiliary level for those who wish to help out but do not want to be hands-on. If you want to help others, there is something available for everyone. Consider joining HSVFD – odd hours, poor pay and cool hats available!

*Want to make a difference in our community? Stop by any Monday night from 7-9pm to learn more! No experience needed!*

## Holishor Association Fishing Committee

Holiday Shores Members,

Happy New Year Holiday Shores from the Holiday Shores Fishing Committee.  
We hope everyone had a Merry Christmas and good New Year.

A little Recap of 2025 for our lake:

Throughout the year 10,106 crappie were reported as being removed. Thank you to everyone who helped thin out the crappie population. When we started removing these overabundant fish from the lake they averaged 6-7 inches and are now averaging approximately 8-9 inches. We are making progress!!! There is still no limit on the Crappie for 2026 (pending approval of the HS Board of Directors). We will go to the Board annually with recommendations on cull limits. As a committee, we would like to remove the "no limit" rule once we start to see a 10-inch average.

This spring we will host another Crappie tournament like we did a few years back with hourly weigh ins for a chance to win some nice prizes. If anyone would like to sponsor an hourly weigh-in please contact the Fishing Committee.

Hybrid Stripers were stocked in in the lake in the Fall of 2024 and the Spring of 2025. When they stocked into the lake, they averaged 6-8 inches in length. We are getting reports from several anglers catching them and they are now between 12-15 inches. Remember they must be 20 inches to keep and the limit is 1 per person per day.

Last but not least, we will be hosting another Raffle with 10 awesome prizes. Stay tuned - we will start selling Tickets in February.

Thank you, Holiday Shores Fishing Committee

## Creel Limit

Species - Daily Limit - Size Limits

Largemouth Bass - 2 - 16" minimum length

Hybrid Striped Bass & Striped Bass - 1 - 20" minimum length

Channel Catfish - 2 - 20" minimum length (Total-All Catfish Species)

Flathead & Blue Catfish - 2 - 20" minimum length (Total-All Catfish Species)

Bluegill / Redear - 30 - No Size Limit

Crappie (All Species) - 20 - 8" minimum length (Currently no limit until 2026)

As a request from the Board of Directors an independent survey of the fish community and other physical, biological, and chemical factors directly affecting the fish community was completed at Holiday Lake on May 28, 2025. Scan QR code to see the report.

## Skillet Chili Mac

Cook time: 15 minutes

Servings: 10

1 pound ground beef  
 1 cup chopped onion  
 1 can (14 ounces) crushed tomatoes  
 1 tablespoon chili powder  
 1 teaspoon cumin  
 1/2 teaspoon salt  
 2 cups elbow macaroni (8 ounces), cooked and drained  
 1 package (2 cups) Borden Cheese Thick Cut Four Cheese Mexican Shreds, divided  
 1 package (2 cups) Borden Cheese Sharp Cheddar Shreds, divided  
 2 green onions, thinly sliced  
 2 tablespoons chopped cilantro

In large skillet over medium heat, cook ground beef and onion 5-7 minutes, or until meat is browned, stirring occasionally. Drain fat, if necessary.

Stir in tomatoes, chili powder, cumin and salt. Stir in cooked macaroni; reduce heat to medium-low.

Top with cheeses, saving some for topping; cover and cook until cheese is melted. Remove from heat; top with green onions and cilantro. Add final layer of reserved cheeses on top.

# 5 Health Benefits of Whole Milk for Kids

## FAMILY FEATURES

**F**orget the outdated nutrition advice that told parents to skip whole milk. A growing body of research is turning that idea on its head, making it time to rethink what "healthy" means for growing kids.

For decades, families have been told low-fat milk is the best choice once children turn 2. However, those recommendations were largely based on data from adults, not children. Today's evidence paints a different picture — one where whole milk supports kids' growth, development and long-term health.

"Parents are often surprised to learn whole milk isn't just safe — it's beneficial," said Jaclyn London, MS, RD, CDN, nutrition consultant and spokesperson for Dairy Farmers of America. "When we look at the latest research, whole milk provides the high-quality protein, healthy fats and essential nutrients kids need during key stages of development — without increasing risk for obesity or heart disease."

With 13 essential nutrients and vitamins — including calcium, vitamin D and protein — real dairy milk is a simple, nutrient-dense staple. It's also an easy addition to family favorites like Breakfast Cookies and Homemade Cream of Tomato Soup.

Here are five research-backed reasons to feel confident about choosing whole milk.

**Whole milk is not associated with higher obesity rates.** Multiple large-scale studies from "The American Journal of Clinical Nutrition," the "International Journal

of Obesity" and "Preventive Medicine Reports" show children who drink whole milk have lower or similar body fat levels compared to those drinking reduced-fat milk.

**Whole milk does not increase risk of heart disease.** According to "Advances in Nutrition," whole milk does not increase cardiometabolic risk in kids; in fact, it's associated with better vitamin D levels with no adverse effects on cholesterol or glucose.

**It's nutrient-dense and supports optimal growth.** All types of milk, including whole, provide essential nutrients like calcium, protein and vitamins A and D — all critical for bone development and healthy growth in children, per "Nutrition Research Reviews."

**Kids like the taste — and that matters.** Children often prefer the taste of whole milk over low-fat versions, according to the "Journal of Dairy Science," which can lead to more consistent consumption.

**Adults may benefit, too.** Among adults, full-fat dairy is associated with greater satiety, improved blood sugar regulation and a reduced risk of metabolic syndrome, according to a study published in "Nutrition & Metabolism," helping reframe full-fat dairy as part of a balanced diet.

## Homemade Cream of Tomato Soup

Prep time: 10 minutes  
Cook time: 20 minutes  
Servings: 4

2 tablespoons olive oil  
1/2 medium white onion, chopped  
1 1/2 teaspoons finely chopped garlic  
1 can (28 ounces) crushed tomatoes  
1 tablespoon parsley flakes  
1/4 teaspoon baking soda  
1 tablespoon roughly chopped fresh basil leaves  
1 tablespoon honey  
2-3 cups milk  
salt, to taste  
pepper, to taste  
basil leaves, for garnish (optional)

In 2-quart saucepan over medium-high heat, heat olive oil; add onion and garlic. Cook, stirring occasionally, until tender, 2-3 minutes. Add tomatoes, parsley and baking soda. Cook until mixture comes to boil. Reduce heat to medium-low; cook 10 minutes. Stir in basil and honey.

Stir in milk to reach desired consistency. Cook over medium-high heat until heated through, 2-3 minutes. Add salt and pepper, to taste.

Garnish with basil leaves, if desired.

## Breakfast Cookies

Prep time: 20 minutes  
Cook time: 15 minutes  
Servings: 12

### Cookie Base:

2 1/2 cups old-fashioned oats  
3/4 cup all-purpose flour  
1/3 cup firmly packed brown sugar  
1 teaspoon baking powder  
1/8 teaspoon salt  
1/4 cup butter, melted  
1/2 cup whole milk  
1 egg  
1 teaspoon vanilla extract

Heat oven to 350 F. Line cookie sheets with parchment paper; set aside.

In large bowl, stir oats, flour, brown sugar, baking powder and salt. In medium bowl, stir butter, milk, egg and vanilla until well mixed; add to oat mixture. Stir until combined and evenly moistened.

Drop 1/4 cup dough onto prepared cookie sheets. Slightly flatten dough with hand.

Bake 15-17 minutes, or until lightly browned, firm to touch and baked through. Move to wire rack to cool.

**Variations:** Add maple syrup and crumbled bacon; sliced almonds, dried cherries and almond extract; semisweet chocolate chips and banana pieces; or peanuts and peanut butter.

## Holishor Association Board of Director's Minutes

November 12, 2025

### Call to Order

John Crotty called the meeting to order at 7:36 p.m.

- **Board Members in Attendance:** Jennifer Halverson, Ty Van Ryswyk, Jim McCann, Trish Yates, Ben Kelley, Tony Harris, John Crotty
- **Association Office Present:** Angie Webster, Karla Suttles
- **Members Present:** 3
- **Non-members in attendance:** 1
- **Board Members Excused:**

Pledge of Allegiance recited.

### Approval of Minutes

- **Tony Harris** motioned to approve the October 8, 2025 meeting minutes, **Trish Yates** seconded, all in favor, motion passed.

### Transfers of Property

There were 8 transfers of property, all of which had initiation fees. Membership is 1274.

### Bills & Salaries

**Tony Harris** motioned to approve the bills & salaries, **Ty Van Ryswyk** seconded, all in favor, motion passed.

### Treasurer's Report

**Profit & Loss Summary:** No questions presented.

**Treasurer's report:** Tony Harris noted that one of the CDARs account is maturing this month. Rather than renewing it for one year, the Finance Committee recommends a six-month renewal to allow the Board to revisit investment options, potentially using a brokerage firm, following the next annual meeting. Tony Harris motioned to reinvest the funds from the CDARs account that is maturing and a 26-week CD with an interest rate of 3.75%, Trish Yates seconded, all in favor, motion passed.

### Manager's Report & Code Enforcement Report

**Angie Webster** read the manager's report (which can be found published in full in the Holiday Times).

**John Crotty** summarized the code enforcement report and noted 12 incidents reported last month, resulting in 27 citations written. Recurring issues include building violations, property maintenance, and boating violations.

### Old Business

**Restaurant Committee Update** – The new tile and wall updates in the restaurant space are complete. The space has now been shown to five potential operators, narrowed down from an initial eight to ten inquiries. Two interviews were held this week, and while names cannot yet be shared, interest looks promising. Because the restaurant is in a special use area and a liquor license takes three to four months to obtain, the goal is to bring a proposal to the Board in December or January, with the intent of opening a restaurant by April.

**Part 3-Rules, Lake, Shoreline Protection Rule Change Vote** – This rule change will update Attachment 001, renamed to article 15, provided the bylaw changes is approved on May 16. All in favor, motion passed with an effective date of May 16, 2026 provided the bylaw is approved.

**HSBAR Introduction Rule Change Vote** – Revisions to the Building Rules are being proposed to address damages to the roads from staging of materials. All in favor, motion passed with an effective date of January 11, 2026.

**HSBAR Road Material Storage Infraction Level Addition Vote** – A new infraction level is being proposed for staging of materials. All in favor, motion passed with an effective date of January 11, 2026.

### New Business

**Backhoe Repair Approval** – The backhoe requires repair with an estimate of \$5,880.10. This was approved via an emergency board approval on October 27, 2025. **Jim McCann** motioned to approve the repairs for \$5,880.10, **Ben Kelley** seconded, Jennifer Halverson and Tony Harris also approved, motion passed.

**North Property Erosion Estimate** – The North End creek area is experiencing erosion along the outer wall, and the slope is too steep for the maintenance crew to complete the needed rip rap work. The proposal is to regrade the area to

provide a step-down slope which will decrease erosion. There are two bids for the project: Pro X for \$22,400 and SES for \$13,135. **Ty Van Ryswyk** motioned to approve the bid for \$13,135, **Ben Kelley** seconded, motion passed with 6 ayes and 1 nay. **Jim McCann** expressed concern with putting another project on SES given the potential delays in the current sediment removal project.

**HSBAR Variance (7160)** – Building plans submitted included a crawl space, which is compliant with our building standards. Builder poured a monolithic slab. Member and contractor were advised on October 23 that the building was not in compliance. Building did not stop until November 4. Member is asking for a variance to continue building without the crawl space. **Brad Greer (7160):** Reviewed the issue with Madison County building inspector, and he had suggested that we request the variance. **Tony Harris:** Noted that the builder, who is familiar with our rules, chose not to follow the approved plan. **Brad Greer (7160):** Acknowledged the seriousness of the issue, noting he had focused on finances rather than construction oversight and now recognizes the need for closer management. He noted that his son is assisting since he no longer lives in the area. **Jim McCann:** Reiterated that we do not allow slab homes and to come up with a way to add a crawl space. Noted that the home where framing has started will have to be taken down. **Heath Greer:** Explained that the Madison County inspector has approved two options: removing the current framing and adding three rows of block, or building a treated-lumber crawl space of the same height. Either option will be accepted and will result in a standard crawl space with sub-floor above. **Ty Van Ryswyk:** Does not support granting a variance for a slab and believes a crawl space is required. He is open to either of the two approved crawl-space options and would allow the owner to choose between them. *Requested that building plans be revised to show how the crawl space will be added and submit to the building committee. The variance request is denied due to a lack of motion.*

**HSBAR Variance (7164)** – Building plans submitted included a crawl space, which is compliant with our building standards. Builder poured a monolithic slab. Member and contractor were advised on October 23 that the building was not in compliance. Building did not stop until November 4. Member is asking for a variance to continue building without the crawl space. *The above discussion applies to this variance request.*

**HOLIDAY SHORES****Garden****CLUB****NEWS**

By: Patti Brown

[www.holidayshores.us/garden-club](http://www.holidayshores.us/garden-club)

The November meeting featured a program on herbs. The “price” of admission was a contribution to the potluck dinner. Hostesses, Gay Early and Pam Maibaum provided an abundance of both savory and sweet treats as well as beautiful fall decor. Business included voting on the slate of officers that will be installed at the December meeting.

Congratulations to Donna Nelson for again being the competition plant award winner. Donna has her name on the trophy more than any other member. She has certainly proven that she has a green thumb.

The December meeting was a carpool to Cloverleaf Golf Club in Alton for a potluck dinner. Thanks to Pam Maibaum for providing and setting up the ideal venue for this meeting. The program was a workshop to create fresh holiday wreaths for the gate gardens led by Mary Blackburn. Special thanks to Mary and her husband, Joe, who procured lots of greenery for the fifteen wreaths on a snowy, cold day the week before the meeting. Members also participated in a potluck dinner, seed and cookie exchanges. Hostesses Kim Gentile and Jean Heafner provided holiday beverages and cheer. Officers for the coming year were installed by Donna Nelson. It was a great way to end the club year with garden club friends.

Community members are always welcome to attend meetings. The club does not hold meetings January through March. The next meeting will be in April 2026. You can always find meeting details in the Holiday Times article.

Holiday Shores Garden Club is a social group that contributes to the beautification of the community. Members enjoy informative meetings and perform volunteer work to maintain the public gardens at the fire house and lower clubhouse and the gate gardens. If you are interested in finding out more, please call or text - Linda at 618-980-4133. You can also check us out on Facebook - Holiday Shores Garden Club.

**JANUARY GARDENING TIP:**

- Do not overwater house plants, with less hours of sunlight, they need less water. Also, move them back from windows on extremely cold nights and keep them away from heat registers and drafts.

## Holiday Shores Snow & Ice Removal

Snow plowing and ice control begins when there is two inches of snow and more is expected or when ice begins to make the roads hazardous. Ice control material is applied to location an "as needed" basis. It takes 4-5 hours to plow the entire community with only two inches of snow.

Please drive with caution anytime winter precipitation are on the roads.

**DO NOT CALL THE OFFICE TO SEE IF THE SNOW PLOWS ARE OUT OR TO REPORT SNOW - Heavy traffic hills and main roads are plowed first.**

#### **What caution should I be aware of?**

Do not park on the road during the snow removal process. Do not push snow on to the roadway, this creates a very hazardous condition.

#### **What about driveways?**

Maintenance personnel are not authorized to plow driveways & plows will not be lifted at the entrance to each individual driveway.

Clearance of driveway entrances is the responsibility of the resident. Plows may make several passes in order to widen the roads.

#### **What about mailboxes?**

The truck will get as close to the mailboxes as possible.

It is the homeowner's responsibility to keep the area in front of the mailbox cleared. Keep mailboxes closed at all times.

#### **What about trashcans on pick up days?**

Trashcans & recycle containers must be 4' off the road.

The snowplow drivers will not get out to move your containers and will not be responsible for damage.

#### **USE CAUTION!!**

**When maintenance is out on the roads, stay a safe distance behind the trucks. If you cannot see the mirrors on the trucks, they will not be able to see you.**

**PLEASE BE PATIENT AND COURTEOUS**

# Keep Your Focus on the Action with an Easy Game Day Winner

(Family Features) When spicy dips and saucy wings sound a little too overwhelming for your next game day gathering, turn to a simple yet still delicious solution. These Simple Salami Sliders can make game day planning a breeze with pregame ease and just a few everyday ingredients for the perfect snack at kickoff. Find more tailgating and homegating recipes at [Culinary.net](http://Culinary.net).

## Simple Salami Sliders

Recipe courtesy of “[Cookin’ Savvy](#)”

Servings: 4-6

1	package slider buns
8	slices Swiss cheese
8	slices salami
8	slices ham or other deli meat
1	stick butter, melted
1	tablespoon Worcestershire sauce
2	tablespoons brown sugar
1	tablespoon grated Parmesan cheese
1	teaspoon onion powder
1	teaspoon garlic powder
	everything bagel seasoning (optional)

Heat oven to 350 F.

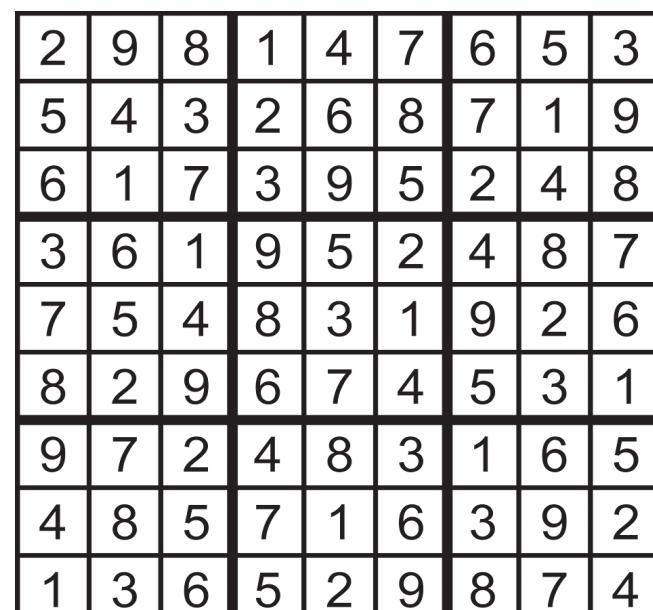

Halve slider buns, creating top and bottom portions. Set top portion aside, leaving bottom portion in original container. Place bottom portion and container in baking dish to prevent sticking.

Layer Swiss cheese, salami and ham then cover with top buns.

Mix melted butter, Worcestershire sauce, brown sugar, Parmesan cheese, onion powder and garlic powder.

Pour over sliders.

Cover with foil and bake 15 minutes then remove foil, sprinkle with everything bagel seasoning, if desired, and bake, uncovered, 10 minutes.

# The Other Side

The door of 2025 closes. The door to 2026 opens. All of us are hoping that 2026 will prove to be a lot better year in some ways. It may or may not be. It's likely that January will be a lot like December and the new year will rush forward with the same problems and issues as the previous year and maybe with some new ones. That the 2025 door closes and 2026 door opens does not mean meaningful change.

Someday, though, one door will close and another will open and the change will be dramatic for all of us. The door to 'time' and 'this world' and 'this life' will close. The door to eternity will open. This occurs at the moment of our death. Theologian Robert H. Smith was awed by that moment. He wrote,

The clock of life is wound but once,  
And no man has the power  
To tell just when the hands will stop  
At late or early hour.

To lose one's wealth is sad indeed,  
To lose one's health is more,  
To lose one's soul is such a loss  
That no man can restore.

What is on the other side of the 'eternity' door depends on the decisions we have made about Jesus in this life. If we put our trust in Jesus as our Savior from sin, the door to eternity opens into a wonderful world of perfection where Jesus lives. If we reject him, the door opens into a world of terror and distress. John (5:11-12) puts it this way: "God has given us eternal life, and this life is in his Son. He who has the Son has life; he who does not have the Son of God does not have life." I invite you...to admit that you are a sinner and that you are in trouble with God. ...that Jesus is the only One who can help you. ...to call out to Jesus and tell him the above.
