

Board of Director's Candidates

Ben Kelley -1824 Port Lane

My name is Ben Kelley, I am currently serving on the board of directors in a interim position for the last two months. I have lived in Holiday Shores since 2005. I have been employed for 34 years at St. Louis Metropolitan Sewer District. I also have 41 years of experience at home renovation and working with municipal building code inspectors.

I love living in this community and enjoying all it has to offer. I enjoy fishing on the lake as much as I can. I love being involved in the community and volunteering. I have been chairman of the boating committee here at Holiday Shores for over six years. I have been in Holiday Shores Ski Club since 2007 and served in many leadership positions. I am also one of the boat drivers for Holiday Shores Ski Club. I am wanting to continue to be on the Board to serve the community, and help address ideas and concerns of all residents. I do have a special interest in boating safety along with public safety in our community and I want to help keep Holiday Shores a fun, safe and desirable place to live.

Although I am new to the board I have lots of experience volunteering in this great community. I would appreciate your vote so I can continue to serve the residents of Holiday Shores.

Ty Van Ryswyk - 1363 Biscay Drive

My name is Ty Van Ryswyk, and I would like to continue to serve on the Holishor Association Board of Directors. I was voted to be on the board for a 3-year term in 2021 and also served on the Board of Directors in the past during the Scott Weber Presidential era. Many of the same discussions were around then that are still around today. I would hope to shed light on some of those as they come up. I would use my past experiences on the Board to help with the new issues we face as well. I have had no certain agenda for running and that continues to be true. It is unhealthy for the Board of Directors to be ran by a group of people with the same interest. It is also unhealthy to vote on people that are there for one or two reasons/agendas and nothing else matters. I hope that my open mind and willingness to listen will continue to benefit the board and help us vote on decisions without bias.

I have lived in Holiday Shores for 27 years. I have owned Hawkeye Systems LLC for 25 years. Running Holiday Shores is much like a business and I have done that successfully for years. Hopefully, those years of business ownership and management will benefit Holiday Shores and the Board of Directors. As mentioned, I have lived here for 27 years, I believe. I quit counting! I have been in good standing with the Association every year that I have lived here.

Jennifer (McClure)Halverson - 1829 Port Lane

After 22 fulfilling years in our beloved community, where my husband and I raised our two daughters, I am eager to contribute further as a member of the Board of Directors. My dedication to community involvement is evident through my service on various committees, including the Social Committee, Ski Club, and currently as President of the Safety Committee. Within these roles, I've spearheaded the implementation of new processes, organized numerous events, and dedicated countless hours to volunteer work. Additionally, I took the initiative to establish our community's first website, enhancing our digital presence and communication channels.

Drawing from over 25 years of IT program management experience in large corporate environments, I bring a wealth of skills in managing multi-million dollar projects, identifying new opportunities, and resolving operational inefficiencies. I firmly believe in the power of collaboration and actively seek to listen to diverse perspectives to achieve common goals.

As a board member, I am dedicated to fostering transparency, improving communication, and streamlining operations to drive the continued improvement and prosperity of our community. I am eager to roll-up my sleeves, dedicate time, and leverage my skills and experience to contribute meaningfully to our community's success.
